connecting you to your greater purpose!

## Direct Sales Home Party Business Owners

When you first entered into this career field, your goal may have been to develop a thriving and profitable business, as well as, enjoy the benefits of:

- Flexible hours and the ability to work from home,
- Making a difference in this world,
- And, of course, the extra income!

You're not alone! Many other women entered into the direct sales business for these very reasons and aspirations. It is exciting to be a business owner AND work from home, raise a family and have the freedom extra money can provide.

However, being a home party business owner has specific challenges; some of which you may not have anticipated or now feel uncertain about how to manage successfully, such as:

- Business may not be as profitable as you thought it might be,
- You compare yourself to others,
- You feel stuck,
- You're spread too thin,
- You feel overworked and underappreciated,
- It's hard to balance work and family,
- You're wondering what you REALLY want!

If ANY of these statements or beliefs ring true, the "***It's Not About the Money Club***" (INATM) for Direct Sales Home Party Business Owners may be just for you. We will support you in identifying what is really important in your life and equip you to align your life according to those dreams, goals, and passions.

Your beliefs about money can impact your life on many levels; most of the time you are unconscious or unaware of how your money beliefs influence your decisions. Not just your money decisions but your life choices as well. In addition to your limiting money beliefs, lack of education can contribute to your financial struggles. The INATM Club will provide you with well rounded and empowering financial education. Visit our web site at <http://www.yourgreaterpurpose.com/money.html> for more information. Join us to design your powerful and personalized financial map of success!
